E-NEWSLETTER | EDITION 72 | MONTH - SEPTEMBER 2026

FOREWORD

You know that feeling when summer's finally winding down and there's this electric buzz in the air, like something big is about to go down? That's September and it has brought us all plenty of exciting memories, experiences which we're bound to remember, and lessons to grow and learn from. September wasn't just another month on the calendar, but the month where our school came alive in unforgettable ways.

HIGHLIGHTS of the issue

- ANNUAL SPORTS DAY
- GRANDPARENTS' DAY
- HINDI DIWAS
- GLOBAL UNIVERSITIES FAIR
- TEACHERS' DAY

SPORTS DAY

Energy, enthusiasm, and competitive spirit electrified the school grounds as we hosted the highly anticipated Annual Sports Day. The day brought together students, teachers, and parents for an unforgettable showcase of athletic talent and teamwork.

The morning kicked off with a synchronized March Past by the students of Grades 9 and 11. Formed into the four distinct contingents Seafarers, Terraformers, Stormchasers, and Trailblazers, the marchers stepped in unity, proudly led by their respective House Captains. Following the parade, students from Grades 6 to 8 took the field, mesmerizing the audience with a crisp and disciplined drill performance.

Global Universities Fair

From Local Roots to Global Futures

For many students, university is something that feels far away, something we would think about after school, after exams, and much later. But what happens when more than 100 universities suddenly come together in one place, all offering different courses, opportunities and paths for the future? On 5th September, the Global Universities Fair at Babaji Vidhyashram gave students a chance to explore the possibilities that lie ahead. With the theme "From Local Roots to Global Futures," the fair brought together colleges and universities from India and abroad, giving students an opportunity to learn more

Tots got Talent

Note-Taking Session

The school was filled with energy, creativity and happy excitement when Tots Got Talent—[Click here to read more...](#) 3rd Edition gathered more than 500 young participants from various playschools in OMR. Since it was aimed at children between 2 and 5 years of age, the event offered a lively platform on which the little ones could display their talents, creativity and enthusiasm by taking part in a range of individual and school-level competitions.

— SG Harshitha 9D

We often spend hours studying, but how often do we stop to think about whether we are studying effectively? A session conducted by our Vice Principal for grades 9 and 11 explored how we could make our study methods more effective. One of the key ideas discussed was retrieval which explains why we sometimes struggle to recall information during an exam even when we have prepared well.

Balvatika Outdoor Education

"Young Explorers on a Journey of Discovery"

"Look deep into nature, and then you will understand everything better." This timeless wisdom from Albert Einstein came alive as our Playgroup and Balvatika students stepped out of the classroom and into the great outdoors.

Math in Action

$$M = \left(\frac{x_1 + x_2}{2}, \frac{y_1 + y_2}{2} \right)$$

π

Understanding is the key to retention - only once you understand a concept can you remember it for life. So, how does Babaji Vidhyashram unlock the power of memory?

In Grade I, students took part in a creative, interactive and engaging activity titled "Let's make Macaroni Bracelets". As children proudly displayed their beautiful hand-made bracelets, they also improved their fine motor skills, hand-eye coordination, while exercising patience, concentration and creativity. This activity proved to be an unforgettable memory that made their day.

Science on Spotlight

This month has been all about experimenting and exploring science through hands-on application, learning from both trial and error. We start off with Grade I, featuring great insights from students making their own sweet little versions of what they call home, sorting clothes based on seasons, and exploring the journey of a circle. Their outputs might not be what we call perfect, but that teaches us that learning does not always have to be perfectly organized to deliver a valuable lesson.

Elementary Bragboard

Our young learners enjoyed a month filled with heartwarming and enriching experiences from learning to stay humble to understanding the important values of respect, selfcare and kindness.

They started off the month with the junior sports day on September 3rd where they showed vibrant energy and enthusiasm. From the beautiful "Peace Ribbon Drill," by Grades I and 2 that truly captivated the audience, to a rhythmic march past led by the students of Grade 3 showcasing remarkable harmony and precision.

Balvatika Buzz

Balvatika had a wonderful September filled with love, laughter, music and grand celebrations! Our little stars enjoyed three special occasions: Grandparents' Day, Janmashtami and Ganesh Chaturthi. Grandparents' Day was a heartwarming celebration of the special bond between grandparents and grandchildren. Our little ones welcomed their grandparents with smiles, fun activities and delightful performances.

தமிழ்க்கதம்பம்

“பாரதியும் பாரதிதாசனும்!”

பாரதிதாசன் அப்போது இன்னும் கனக சுப்புரத்தினம் என்ற இளைஞர். அவருக்கு வயது சுமார் 17. ஒருநாள் பூதச்சேரியில் அவருடைய உடற்பயிற்சி ஆசிரியரான வேலு என்பவர் வீட்டில் ஒரு கூட்டம் நடந்தது.

அங்கே வந்திருந்த இளைஞர் சுப்புரத்தினத்திடம், “ஏதாவது பாடுங்கள்” என்று கேட்டார்கள்.

அவர் தயங்காமல் ஒரு பாடலைப் பாடினார்.

அவருக்குத் தெரியாது – அவர் பாடியது அங்கே இருந்த மகாகவி பாரதியாரின் பாடல்!

பாரதியார் அங்கேயே இருந்தார். அந்த இளைஞரின் குரலையும் பாடும் திறமையையும் கவனித்தார்.

அந்தச் சந்திப்பதான் பின்னாளில் கனக சுப்புரத்தினம் + பாரதிதாசன் என்ற மிகப்பெரிய இலக்கியப் பயணத்தின் முக்கியமான தொடக்கங்களில் ஒன்றாக அமைந்தது.

அந்த நாளில் அவர் பாடியது யாருடைய பாடல் என்று கூட அவருக்குத் தெரியவில்லை. ஆனால் அந்தப் பாடலைக் கேட்டவர் – தமிழின் மகாகவி!

Social Science

As the skies take over a few parts of India, with heavy rains bringing everything down with them, an important question arises in everyone's mind. Is climate change to be blamed for the recent flood disasters? The Grade 9 students delved into this topic as nature detectives to uncover the truth behind the recent disastrous floods through an exciting debate..

Hindi Diwas - हिंदी की यात्रा

हिंदी दिवस के अवसर पर 11 सितंबर को विद्यालय में एक विशेष सभा का आयोजन किया गया, जिसका विषय था “हिंदी की यात्रा”। इस विशेष सभा के माध्यम से हिंदी भाषा की समृद्ध विरासत, साहित्यिक यात्रा और बदलते समय के साथ उसके विकास को रोचक एवं रचनात्मक ढंग से प्रस्तुत किया गया।

सभा की शुरुआत हिंदी की उत्पत्ति और विकास की संक्षिप्त यात्रा से हुई। छात्रों ने अपनी प्रभावशाली प्रस्तुतियों के माध्यम से हिंदी की जड़ों, उसके विकास तथा भारतीय संस्कृति में उसके महत्वपूर्ण स्थान को उजागर किया।

सभा का विशेष आकर्षण “साहित्यिक संगम” रहा, जिसे एक मनोरंजक टीवी टॉक शो के रूप में प्रस्तुत किया गया। इस अनूठी प्रस्तुति में कबीर, मुंशी प्रेमचंद, महादेवी वर्मा और रामधारी सिंह ‘दिनकर’ जैसे महान साहित्यकारों को मंच पर जीवंत किया गया।

संवाद के माध्यम से इन साहित्यकारों के विचारों, रचनाओं और हिंदी साहित्य में उनके योगदान को प्रस्तुत किया गया। इस प्रस्तुति ने छात्रों और दर्शकों को हिंदी की समृद्ध साहित्यिक विरासत से जोड़ने का एक सुंदर अवसर प्रदान किया।

इसके बाद “भाषाओं का संगम” के माध्यम से भारत की भाषाई विविधता और एकता को दर्शाया गया। विभिन्न भारतीय भाषाओं के प्रतिनिधित्व के साथ प्रस्तुत इस कार्यक्रम ने यह संदेश दिया कि भाषाएँ अलग हो सकती हैं, लेकिन हमारी संस्कृति और भावनाएँ हमें एक सूत्र में बाँधती हैं। इस प्रस्तुति ने हिंदी के साथ-साथ भारत की बहुभाषी और समृद्ध सांस्कृतिक विरासत का उत्सव मनाया।

सभा में गीत और नृत्य की मनमोहक प्रस्तुतियों ने उत्साह और रंग भर दिया। छात्रों का आत्मविश्वास, स्पष्ट उच्चारण और प्रभावशाली मंच-प्रस्तुति पूरे कार्यक्रम की सफलता को दर्शा रहे थे।

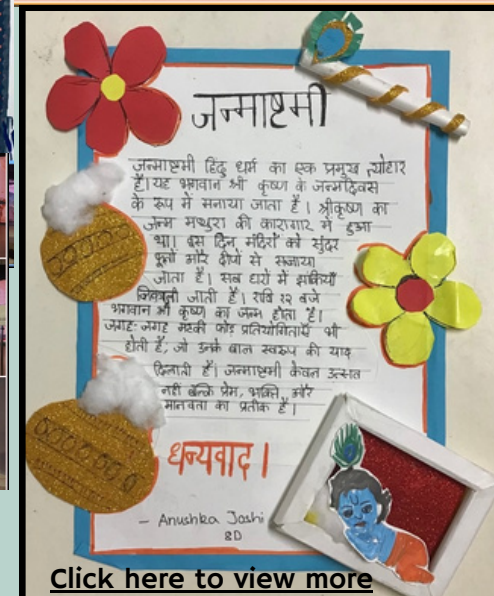

सभा के माध्यम से छात्रों को यह संदेश दिया गया कि हिंदी केवल संवाद का माध्यम नहीं, बल्कि हमारी साहित्यिक, सांस्कृतिक और भावनात्मक विरासत का महत्वपूर्ण हिस्सा है। हिंदी दिवस केवल एक भाषा का उत्सव नहीं, बल्कि भारत की विविध भाषाओं, संस्कृतियों और एकता का उत्सव है।

इस विशेष सभा ने छात्रों को हिंदी की यात्रा को जानने, महान साहित्यकारों के विचारों से जुड़ने और भारत की भाषाई विविधता का सम्मान करने का एक यादगार अनुभव प्रदान किया।

ChatGPT and Children: Teaching Smart Use Instead of Shortcuts

As parents, we have all experienced moments when our children ask questions that leave us searching for answers ourselves. Today, many children are turning to AI tools like ChatGPT for those answers. Recently, while helping my child with a school project, I noticed how naturally children are beginning to interact with AI...

Teachers' Day

The Teachers' Day celebration on 7th September was a wonderful opportunity for our school community to look beyond the usual classroom routine and celebrate the mentors who guide us every day. We had the opportunity to put together a celebration for our teachers, bringing together performances, humour and a few moments planned to show our gratitude to them.
